Sagraaw, Oct. 3 .- The wholesale and retail biquor dealers of the state are being organized into district associations by Alderman John Cadagan and the Irish poet, Joseph Maney of this city. A call has been assed for a cona state organization, including men of all political beliefs, and to instill into their minds the importance of drop-ping party lines and working for those who will be found most favorable to their cause, especially among the candidates for the state legislature, and it may result in cutting quite a figure in the senatorial contest between the Kalamazoo senator and the ex-governor. They will also decide upon a candidate to support for governor.

Fennville's Politics.

FRESVILLE, Oct. 3 .- The political campaign was opened here last Saturday evening with a rousing and enthusastic republican meeting, which was addressed by Mrs. M. A. Hazlett, who discussed the issues of the day in her most able and interesting manner.

The Rev. J. F. Peschmann, pastor of

the M. E. church, has been returned to this charge for the third year and the people are thereby well pleased.
Improvements still continue to be

made upon the streets. The next in order is a paved gutter on the south side of Main street.

On account of street improvements the old republican flag-pole will be cut down and a new pole-raising take place in the near future. A republican club will be organized at the same

GOVERNOR ASKED FOR TROOPS

To Assist the Stockmen in Repulsing Them and Drive Them Back to the Reservation.

DESVES, Oct. 3 .- Governor Routt has received intelligence from the Yampan river country that the Utes had crossed the Colorado state line and were committing depredations. The telegram which conveyed this intelligence also stated that the settlers had come impatient and bloodshed might be expected any time, in as much as great damage was being done and much game was being destroyed. Governor Routt at once wired the agency at Unotah and also the department at Washington that unless the Indians were returned to their reservation he would not be responsible for their safety. These Indians are from the Uintah reservation in Utah and they have been on a marauding tour through the northern portion of Ruitt county for several days. For the past two years the stockmen in Ruitt county have been organized in anticipation of a raid and their inability to cope with the renegades has just been proven. ABOUT WOMEN.

Interesting Facts In Regard to Their Peculiarities.

Strange Compound of Timidity and Courage.

Women are nervous.

There is no doubt of that, but are hey more nervous than men? The nervous system of women is much more delicate, more highly strung, more finely tensioned than that of men. This renders them capable of higher pleasures and deeper sorrows than is possible with man. Men have greater brute bravery, more intrepid ity, boldness and daring, but women, weaker physically by far, greatly excel men in moral courage, spirit, forti-tude, patience, and endurance of pain

and grief.
Suffering or pain that a woman would scarcely heed will often make a big, strong man howl. Surgeons tell us that women will readily suffer pain in the endurance of operations which nine men out of ten would find unbearable. Men always make the most nervous invalids.

From this it will be seen that women are strange compounds of weakness and strength in regard to their nerves. It is a fact, neverthelesse, that women are nervous.

But it is because their nerves have

secome weakened and prostrated. They are not well; something is wrong with them and they must have a renewal of nerve strength, power and first finger of glistening

Vigor. A case in point was that of Mrs. Lila C. Root, who lives at No. 36 Elmstreet, New Bedford, Mass. Naturally endowed with strong and steady nerves, she was brought to such a weak condition by disease that she almost lost control of her nerves, even going so far as to often think of taking her own life to a passing glance at our

end her sufferings.

She says in speaking of her case:
"My kidneys were in a terrible state, had awful pains in the back and side, and could not sleep at night.
"My headache was a source of great
annoyance, and I suffered much at cer-

tain periods.
"Wny, I felt so miserable that I often thought that I would take my own

life. "But I at last took that wonderful medicine-Dr. Greene's Nervura blood and nerve remedy, and now I am well. that I think it is the best medicine in the world, and I thank God for direct-

ing me to its use."
